COMPANY DESCRIPTION	<p>InfoMedia is an award winning mobile web and app design, build and hosting service provider.</p> <p>Our clients are among the biggest brands in the world including:</p> <ul style="list-style-type: none"> • Mobile carriers such as EE, Orange, T-Mobile, Tesco Mobile and Virgin Mobile • Sporting powerhouses such as Manchester United, Liverpool Football Club and Everton Football Club • Media companies such as Harper Collins and EA Games <p>Our teams are developing the digital user experiences of the future across Mobile, Tablets, TV and Online. We work with some of the biggest brands to develop and deploy mobile services used by you and your friends every day.</p>

VACANCY DETAILS	
JOB TITLE	Product Manager
JOB DESCRIPTION	<p>We are looking to hire an individual with imagination and a drive to create excellent mobile products. You will be responsible for controlling the design and development of mobile applications used by millions of people in the UK and around the world.</p> <p>You need to speak to our clients and understand their needs, work with engineers to figure out what the latest technology can do and work with designers to create and evolve compelling user experiences.</p> <p>Once products are launched you will need to listen to feedback from users through social media channels, and work with the design and engineering teams to improve and fix those products and manage their ongoing roadmap. We also want a product manager to understand the company revenues and work to make your products more revenue generative, reach more customers and help us build the leading mobile services company in the UK.</p>

EXPERIENCE	<p>We are looking for a graduate who has proven ability to take responsibility and produce quality work. A background in IT is preferable, and a working knowledge of mobile devices and carriers is ideal.</p> <p>We are particularly looking for candidates who have demonstrated the ability to understand the bigger picture, challenge conventional thinking and complete a task from start to finish.</p>
SKILL REQUIREMENTS	<p>Candidate needs:</p> <ul style="list-style-type: none"> • Commitment and enthusiasm • Plenty of common sense and ability to creatively work through problems • Ability to innovate and challenge existing ideas • Ability to communicate ideas and concepts clearly to both internal team members and external clients • Good written, verbal and presentation skills • To work in an organized, methodical manner <p>To be familiar with concepts such as user flows, wireframes, brand guidelines.</p>
ACADEMIC REQUIREMENTS	<p>We are looking for:</p> <ul style="list-style-type: none"> • Graduate level candidates only. • Computing Science, Psychology or Design background preferred. <p>At least two years experience managing product roadmap and design.</p>
APPLICATION PROCESS	<p>Please email your CV to julie@infomedia.co.uk with details of your salary expectations and, if applicable, your notice period. All queries relating to the role should also be directed to Julie Rahn.</p> <p>Our standard recruitment process usually comprises of two interviews and, where relevant, an assessment of skills.</p>
POSITION TYPE	Full Time permanent position
SALARY	Competitive pay, based on experience.
